## **COVID-19 vaccinations for people over the age of 80: Appointments at the Lüneburg COVID-19 Vaccination Centre**

Dear Resident,

For almost a year now, the coronavirus pandemic has seriously affected our everyday lives. We have reduced social contact; we wear masks and have to be extra considerate of one another. However, with the arrival of the vaccination we see a glimmer of hope. If enough people receive the vaccination, we can stop this virus and the socialising we all miss so much will be able to take place once again.

As you are aged 80 years or older or will soon be celebrating your 80th birthday, you are part of the first group of people in Germany who can receive the vaccination. It is expected that our vaccination centre in Lüneburg will be offering the first appointments in February 2021. I would urge you to take this opportunity; by receiving the vaccination, you will be protecting yourself and those around you. The vaccination is free of charge.

From **28 January 2021**, you can **make a vaccination appointment** or, if no appointments are available, be placed on the waiting list. There are two ways to arrange an appointment – by phone or online.

You can call the **Lower Saxony Vaccination Hotline** on:

**0800 9988665** – calls are free of charge

Monday to Saturday from 8:00 am to 8:00 pm

If no appointments are available, you can be placed on the waiting list.

To make a vaccination appointment online, visit **[www.impfportal-niedersachsen.de](http://www.impfportal-niedersachsen.de)**.

Do you need **help in making an appointment** or **getting to the vaccination centre**? If you do not have anyone to support you, you can receive help from the local community. More information on receiving help can be found in the enclosed letter.

There is one important thing to bear in mind: initially there will not be many vaccination appointments available. This is due to the fact that supplies of the vaccine are currently very low. Therefore, we ask you to be patient. You may have to wait a few weeks for an appointment. As we progress into springtime, we expect there to be significantly more vaccination appointments available.

Important questions and answers about the Lüneburg COVID-19 Vaccination Centre and the vaccination process itself can be found in the separate information leaflet that we have enclosed with this letter along with an overview of your community and the assistance programmes they offer.

All that remains to be said is: please take part in the vaccination drive! I wish you all the best for now – stay healthy!

Yours sincerely,

Jens Böther  
Lüneburg District Commissioner
